
CBTF Coaching Vignette - Working With The Music

December 8, 2014 - Musicality and Interpretation are skills that are essential for the athlete to understand and be able to demonstrate. Watch this vignette and see how Maureen Johnson, Canada's most successful coach, uses the same combinations to different pieces of music. This repetition and familiarity allows the athlete the opportunity to be confident with his/her material and then further their training by examining the moments of the music and the necessary interpretive qualities needed for the perfect performance. Maureen provides tips for us all to learn from.

The Coaching Vignette Series is an educational, web-based program for all levels of coaches and judges. Each vignette will be posted on the CBTF YouTube channel and announced on Facebook & Twitter. Encourage everyone to Like or Subscribe so they don't miss a single moment.
