
WC 2022 Athlete Information Sheet

Steven Kopas, Contingent Manager, needs to collect some personal and health information from all athletes so she can better serve the needs of the Contingent members.

This form contains a release allowing team management to seek medical treatment for your child in the event of an emergency.

The attached Athlete Information Sheet must be completed and returned to Joanne Moser, Contingent Coordinator, at the Contingent Meeting at the conclusion of the 2022 Canadian Team Trials.
