- 2023/2024 ABTA business plan
- Ordered provincial track jackets
- Assisted with online critique competition for Nations Cup & World athletes

We had another exciting year of twirling in the province of Alberta. We have been extremely lucky to receive so many grants to allow us the opportunity to grow the sport of baton twirling and increase the public awareness of the sport. As the technical chair I am extremely grateful for our executive director, Shari. I work closely with her daily and assist her on projects that are driving the growth and development of the sport in our province. We had the privilege of hosting the 2023 Canadian Championships and we are looking forward to hosting the 2024 Pan Pacific championships in Calgary January 2024. We are thankful to CBTF for allowing us to host these prestigious events.
